

Kid's Listing Agreement

I understand that my parents are trying to sell our home and need my full cooperation to get that done.

I know that the more I help out around the house, the better our chances are of finding the right buyers for our home.

I will do my best to keep the entire house clean by picking up anything that is out of place and putting it away.

I will make my bed every morning.

I will pick up all of my toys when I'm done using them.

I will do my part.
